Coronavirus Update: Following advise from the latest government guidelines, it is with regret that we have to offer a restricted service. Our office is now

I had a think- what about if we buy 2 badges and then instead of fixing them to the craft- we fit them to special lifejackets?

We need quite a quick answer so that we can test these machines commercially as soon as this weekend, so a quick and easy solution would be appreciated.

Regards

**James Barke | Managing Director**

Coronavirus Update: Following advise from the latest government guidelines, it is with regret that we have to offer a restricted service. Our office is now only open to boat yard employees, Residents & Fisherman. The Boats.co.uk team is available for boatsales, but viewing of boats is restricted during these difficult times. We can offer a video tour of boats on request. Our marina team is available for essential fuel as well as servicesfor our on-site live-aboard. Our thoughts go out to anyone who has been personally impacted, and we hope that you and your families are safe and well.
