

LAUNCH AND RECOVERY SYNDICATE

All cruiser owners can become members of the Syndicate upon payment of a single joining fee. This fee is set annually by the Finance Committee and approved by the Executive Committee prior to voting at the Annual General Meeting. For 2023/2024, this fee is £420.

The Syndicate is a self-help group and all its members must assist in its efficient operation. The Launch and Recovery Committee organise two Work Parties per year to maintain the equipment. Members of the Syndicate must attend one L&R Work Party or undertake other duties as defined by the L&R Chairmen.

The first L&R Work Party is held approximately one month before launching commences and the second L&R Work Party is held approximately one month before recovery commences.

Any active Syndicate member who does not attend a L&R Work Party or undertake other similar duties will be required to make an additional payment. For 2023/24, this additional fee is set at £55-00

The launching of craft, which is controlled by the suitability of tides, commences in March and is generally completed by the end of April. Normally four weekends are set aside for the launching of craft. Members must assist on two of the launch days and two of the recovery days each year unless agreed otherwise with the Launch and Recovery Chairmen. Details of these dates and times will be displayed on the Club notice board approximately one month before the first launch date so that Members can choose an appropriate weekend.

The recovery of craft follows the same procedure as above except the first recovery commences in October with completion by the end of November, again governed by the suitability of tides.
