

FOR SALE : Traditional Gaff Rigged Winkle Brig.

Hosanna is a recently and lovingly refurbished Winkle Brig, but health problems now forces sale.

A Winkle Brigg has a GRP clinker built hull, with two drop-down bilge keels, leaving the cabin free of a centreboard. It is only 16ft long (plus a bowsprit), yet has a compact, ingeniously designed cabin that can sleep 2 adults plus two children, with cooker and toilet facilities. It is easily trailed and has a cockpit covering camping tent for longer stays. Engine power is from a 4 hp Mariner outboard mounted in a cockpit well, and uses an Indespension break-back towing/launching trailer. It is gaff rigged , with an additional topsail, and a self-furling jib. All sheets are brought back to the cockpit for safety and ease of handling. Asking price is £6,000
